Grace Elizabeth, declared the modern reincarnation of the original supermodel by Vogue, V Magazine and GQ alike, is the model fast becoming an icon in her own right. In 2016, she made her debut in the Victoria's Secret Fashion Show in Paris and has walked the runway ever since.

From her appearing on the cover of Vogue Italia, their best-selling issue in 15 years, to her top ranking on Models.com, Grace Elizabeth's international presence will see her amongst the most requested models for years to come. With Vogue Paris, Vogue España, Vogue Russia, Vogue Turkey, Vogue Germany, and multiple Vogue China covers under her belt, Grace has additionally appeared on covers of V Magazine, InStyle, Porter Edit, Harper's Bazaar, ELLE and on the 15th Anniversary cover of The Daily Front Row. With audiences around the world watching, it is no wonder Grace has garnered a social following of over 830k.

Having modeled for only three years, Grace has proven herself a dominating force. She has scored over 40 advertising campaigns for the world's biggest fashion houses including Chanel, as photographed by Karl Lagerfeld, Versace by Steven Meisel, Carolina Herrera, Hugo Boss, Max Mara, Tory Burch and Ralph Lauren to name just a few. Grace is undoubtedly shaping the course of the fashion industry. She was also honored with a ranking on BOF500 list of the most influential people in the fashion industry, for her second consecutive year.
