## THE STORY

---

**Real, authentic, true.**

**This soft, warm fragrance has a secret ingredient: You.**

Bare Eau de Parfum elevates your personal journey and individual evolution by adapting to become a unique fragrance for every person who wears it.

Created with a proprietary blend of musks, Bare mixes with your body chemistry to reveal your signature. It opens with the effervescent freshness of mandarins from Madagascar, softens into a dewy, floral heart of Egyptian violet petals, and lingers with a warm, cocooning base of Australian sandalwood.

Bare Eau de Parfum is our most personal fragrance yet.

## FROM THE PERFUMER

---

*"We created something completely different with Bare—something comforting yet captivating, soft yet sensual. The idea is to accentuate the beauty of the wearer, without covering up their unique scent and individuality."*

— Master Perfumers, Nathalie Benareau & Carlos Vinals
